Student of the week: Watch for our student of the week to start in October. What a fun way to feature each student and see their picture in the paper as well! Please make sure to return your student's information form. Thank you!

Lego Robotics will start this week! Each year Mr. Mike McPherson volunteers his time to help our 5th—8th grade students design, build, and program small-scale Lego robots. This is a lesson combining engineering and computer programming. They go on to compete in the final competition in December at RCTC Sports Center.

Just a Heads Up! The K-8 Students will be singing for the 10:15 service on October 30th, which is Reformation Sunday. Watch for more info as this date gets closer.
